Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description			Blue - New 2023-Supplier Price/(# in Stock)
Ornamental Grasses									
Sweet Flag	Acorus					Native to Asia - Rich, consistently moist soil - Full sun to partial shade - See also Water & Bog Plants List			
Oborozuki Golden Variegated Sweet Flag	Acorus gramineus 'Oborozuki'	6	20-30cm	30-45cm		Fantastic, golden, grass-like foliage plant, with thin green stripes, forms a low clump. Tangerine scent if bruised. Flowers are insignificant. Native to bogs, shallow ponds and marshes of East Asia, this plant will grow in shallow water. Good as an accent at edge of pond or edge of woodland. Full sun to partial shade. Rich, consistantly moist, acidic soil.			12.95 (19) 16.95 (1)
Variegated Sweet Flag	Acorus gramineus 'Variegatus' / Acorus calamus 'Variegatus'	6	20-30cm	30-45cm		Striped green and creamy-white foliage. Tangerine scent if bruised. Flowers are insignificant. Native to bogs, shallow ponds and marshes of East Asia, this plant will grow in shallow water. Good as an accent at edge of pond or edge of woodland. Full sun to partial shade. Rich, consistantly moist, acidic soil.			5.95 (20) 12.95 (24) 13.95 (43)
Big Bluestem	Andropogon					Deer Resistant - Hardy Native to NA Prairies - Warm season, blooms late summer - Full sun, dry to average, well-drained soil - Drought tolerant once established			
Blackhawks Big Bluestem	Andropogon gerardii 'Blackhawks'	4	1.2 - 1.5m			Everchanging colour throughout the season. The upright dark green foliage in summer will begin to turn red the dark purple-black by September with cooler nights.			18.95 (18)
Blue Grama Grass	Bouteloua								
Blue Grama Grass	Bouteloua gracilis 'Blonde Ambition'	4	60cm	30cm		A low tuft of fine-textured blue-green leaves that produce chartreuse flowers and interesting bronze seedheads. Full sun. Well-drained soil.			18.95 (33)
Common Quaking Grass	Briza					Deer Resistant - Full sun, moist, well-drained soil			

Ornamental Grasses & Bamboo 2023								
Blue - New 2023					NS			Red - Three or less in stock
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	Native Species	Description	Supplier	Price/(# in Stock)
Trembling Hearts Quaking Grass	Briza media	5	30-60cm	25-30cm		Creeping habit with clump of narrow, erect, green leaves. Tiny greenish flowers on tall panicles above foliage in early summer, give way to flattened, hop-like, pinkish seedheads turning to tan, which quiver and dangle in the slightest breeze, hence the name, Cut back clumps to ground late winter/early spring. Best when mass planted.		12.95 (5)
Feather Reed Grass	Calamagrostis					Prefers rich, moist soil - Full sun to partial shade		
Korean Feather Reed Grass	Calamagrostis arundinacea var. brachytricha	5	1 - 1.2m	60cm		Species native to Central & E. Asia. Warm season grass, blooms late summer. Upright form, wider (1/2") blades . Fluffy, bottlebrush blooms are purplish-red when first flowering, fading to greenish-tan and lasting into winter. Great cut flowers. Prefers rich, moist soils that do not dry out. Full sun to partial shade. Deer resistant.		18.95 (24 VN) (30 NVK)
Eldorado Variegated Feather Reed Grass	Calamagrostis x acutiflora 'Eldorado'	5	1.5m	60cm		Hybrid cross between two species native to Europe & Asia. Cool season grass, blooms early summer. A sport of 'Karl Foerster', with upright form. Bright gold midrib within narrow green leaves. Feathery, tan wheat-like seed heads which last into winter. Blooms early summer. Prefers rich, moist soils that do not dry out. Deer resistant.		16.95 (1) 24.95 (31)
2001 Perennial Plant of the Year Karl Foerster Feather Reed Grass	Calamagrostis x acutiflora 'Karl Foerster'	4	1.2-1.5m	60cm		Hybrid cross between two species native to Europe & Asia. Cool season grass, blooms early summer. Upright form. Narrow, dark green leaves, blooms purplish-green feathery plumes, which mature to stiff, tan, wheat-like seed heads, lasting into winter. Prefers rich, moist soils that do not dry out. Deer resistant.		16.95 (1) 18.95 (8) 24.95 (28)
Lightning Strike Variegated Feather Reed Grass	Calamagrostis acutiflora 'Lightning Strike'	4	1m	0.6 - 0.9m		Clumping, upright habit. Lovely foliage has a broad central creamy-white stripe edged in green. Sterile flower plumes emerge green in early summer, changing to pink, then purple, maturing to golden tan in autumn. Persistent form during winter months. Prefers rich, moist soils that do not dry out. Deer resistant.		18.95 (30 P)

Ornamental Grasses & Bamboo 2023									
Blue - New 2023					NS				
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	Native Species	Description			Red - Three or less in stock Blue - New 2023-Supplier Price/(# in Stock)
Overdam Feather Reed Grass	Calamagrostis x acutiflora 'Overdam'	5	1.5m	30 - 60cm		Species native to Central & E. Asia. Upright form, variegated foliage opens green with creamy-white margins, fading to white with a pink flush. Foliage remains at about 60cm tall, with height extended by feathery, erect pinkish-green plumes in early summer, maturing to sand-coloured seed heads. Full sun to partial shade. Rich, moist soil that does not dry out.			12.95 (24)
Waldenbuch Feather Reed Grass	Calamagrostis acutiflora 'Waldenbuch'	4	1 - 1.5m	60cm		Upright habit, forms a tight clump of deep-green foliage. Looser structure than 'Karl Foerster', more arching form. Sterile flower plumes emerge purplish-silvery-green in early summer, maturing to golden-tan later on. Prefers rich, moist soils that do not dry out. Deer resistant.			18.95 (9)
Sedge	Carex					Deer Resistant - Semi-evergreen - Partial to light shade - Rich, moist, well-drained soil - Does not tolerate drought			
Firefox Leatherleaf Sedge	Carex buchananii 'Firefox'	5	76cm	90-106cm		A cool season evergreen grass with copper-red foliage and a spiky, upright habit. Outstanding variety, with proven winter hardiness from Jelitto.			10.95 (54)
Bowles Golden Sedge	Carex elata 'Bowles Golden'	6	60 - 90cm	60 - 90cm		Species native to Europe, SW Asia, N. Africa. Semi-evergreen, bright, gold foliage with thin green margins. Taller than most sedges. Looks great in a part-shade garden with blue hostas, or at the edge of a pond. Needs, consistently moist to wet soil. Will grow in shallow water, as well. Partial shade.			14.95 (1)
Ice Dance Variegated Japanese Sedge	Carex morrowii 'Ice Dance'	6	30cm	30 - 45cm		Semi-evergreen, variegated clump forming grass with green foliage with white margins. Prefers semi-shade, moist, well-drained soil.			18.95 (27)
Evergold Sedge (Variegated Japanese Sedge)(Striped weeping Sedge)	Carex oshimensis 'Evergold'	6	30cm	30cm		Native to semi-evergreen, pendulous creamy-yellow, green margins, light to full shade, moist, well-drained soil.			12.95 (1) 13.95 (1)

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023 Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	NS Native Species	Description	Blue - New 2023-Supplier Price/(# in Stock)
Feather Falls Sedge	Carex 'Feather Falls'	5	35-45cm	90-120cm		Vigorous new (2021) sedge stays attractive all season. Narrow variegated leaves have dark green centres and cream margins. Cascading habit. Will have a wider habit in the ground, also perfect in containers.	18.95 (23) (30 Wa)
Frosted Curls Sedge	Carex comans 'Frosted Curls'	7	30cm	30cm		Tender perennial to -23C. Semi-evergreen, curling, pale, silvery-green to frosted-blue foliage with silvery tips. Rich, consistently moist soils, full sun to partial shade.	12.95 (18)
Palm Sedge Grass	Carex muskingumensis	5	40 - 60cm	45 - 60cm		Native to Western NA. Semi-evergreen, graceful, upright clump of divided leaves, tropical in appearance, similar to papyrus. Prefers moist, well-drained soil, but tolerates dry soil as well. Makes a good groundcover under trees or at a waterside. Trim brown tips in spring.	16.95 (4)
Smooth Black Sedge (See also Water and Bog Plants 2021 List)	Carex nigra	4	15 - 20cm	30 - 90cm	Yes	NS Native species. Dark, blue-green to blue-grey foliage. Spreads by underground stolons to form tufts. Known for black flowers in and seed heads. Great for mass planting to form a groundcover, rain garden, bog, water garden/pond bank stabilization. Partial to full shade. Prefers very moist to wet soil.	12.95 (1)
Red Rooster Sedge	Carex buchananii 'Red Rooster'	6	60cm	45cm		Fine-textured, upright, clumping, copper-bronze foliage with a reddish cast keeps it's colour all year. Makes a great addition to fall & winter containers, as well. Prefers full sun and needs good drainage to overwinter well.	12.95 (30)
Silver Sceptre Variegated Sedge	Carex morrowii 'Silver Sceptre'	5	20-30cm	30-45cm		Dense, arching clump of variegated, green leaves with white edges. Greenish-brown flower spikes on triangular stems in mid-spring. Excellent as an accent or a showy mass planting in a moist, shady spot. Partial to full shade, rich, moist, well-drained soil.	18.95 (40)
Northern Sea Oats	Chasmanthium					Deer Resistant - Full sun to partial shade	

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS		Blue - New 2023-
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	Native Species	Description	Supplier Price/(# in Stock)
Northern Sea Oats	Chasmanthium latifolium	5	1m	45cm		Native to Central and Eastern North America. Gracefully arching stems hold flat green spikelets on slender stems, like dangling jewels. Seed heads turn purplish-bronze by late summer, then tan. Drought tolerant once established, full sun to partial shade. Great in cut flower arrangements.	18.95 (31)
Tufted Hair Grass	Deschampsia					Cool season, blooms mid-summer - Partial to light shade	
Gold Dew Tufted Hair Grass	Deschampsia cespitosa 'Goldtau'	4	30-60cm	60-76cm		Cool season grass, semi-evergreen. Clump-forming, compact variety, with very dark green, narrow blades. Outstanding golden-yellow inflorescences emerge mid-summer and last through September, changing to tan seedheads that persist into winter. Site in partial shade to light shade, in humus-rich, moist, well-drained soil.	18.95 (11)
Northern Lights Tufted Hair Grass	Deschampsia cespitosa 'Northern Lights'	5	30cm	45cm		Cool season grass, semi-evergreen. Clump-forming, compact variety, with fine, green leaves with narrow, creamy-white margins, taking on a pink-blush tone in cooler temperatures. Light-green inflorescence rises 50cm tall, forms a cloud above foliage, ages to tan, persists into winter. Partial shade to light shade, in humus-rich, moist, well-drained soil. Excellent massed in woodland or naturalized areas.	18.95 (18 NVK)
Purple Love Grass	Eragrostis					Native to North America, Maine to S. Dakota	
Purple Love Grass	Eragrostis spectabilis	5b	30-60cm	30-60cm		Flat, basal clump of green leaves. Beautiful, soft, fluffy, airy cloud of reddish-purple flowers in August, are held above foliage, turning brown by Oct. Excellent in flower arrangements. Full sun, in light, well-drained soil. Drought tolerant. Intolerant of heavy, wet soil. Good for naturalizing, will self-seed.	12.95 (21)
Fescue	Festuca					Native to Central & Southern Europe - Evergreen - Cool season grass, blooms in summer - Drought tolerant - Full sun, well-drained soil	

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Beyond Blue Fescue	Festuca glauca 'Casca11' (Beyond Blue)	4	20-30cm			Spiky clump of intense icy blue, quill-like blades that remain breathtaking all year round. Normal to sandy soil in full sun.	16.95 (38)
Blue Whiskers Fescue	Festuca glauca 'Blue Whiskers'	4	25-30cm	60-70cm		Spiky, icy-blue clump of semi-evergreen foliage. Yellow-green flowers on 60-70cm tall scapes in early summer. Vigorous habit. Full sun, well-drained soil.	16.95 (44)
Boulder Blue Fescue	Festuca glauca 'Boulder Blue'	4	25-35cm	20-30cm		Very narrow, intense blue, spiky clump, semi-evergreen. Flowers in early summer, turning buff-coloured seed-heads. Full sun, well-drained soil.	16.95 (1)
Cool as Ice Fescue	Festuca glauca 'Cool as Ice'	4	30-40cm	30-50cm		Erect, tufting, arching habit forms a dense, uniform, semi-evergreen clump. Emerges a grey-green but quickly turns to an icy blue. Tight, formal seed spikes emerge green and age to a tan colour.	18.95 (26)
Elijah Blue Fescue	Festuca glauca 'Elijah Blue'	4	20-25cm	45cm		Cool season grass. Semi-evergreen, icy blue foliage forms a dense, spiky clump. Cut back to 4" in spring. Maintains good summer color. Light-green flowers rise above foliage, early-summer, turning to buff-coloured seed-heads. Makes a great groundcover, plant 20-25cm apart. Full sun, well-drained soil.	16.95 (29)
Japanese Forest Grass	Hakonechloa					Native to Japan - Partial to light shade - Rich, moist, well-drained soil	
All Gold Japanese Forest Grass	Hakonechloa macra 'All Gold'	5	50cm	45 - 60cm		Arching, graceful, mounding foliage. Chartreuse in the shade, more golden in morning sun. Moist, well-drained soil.	12.95 (40) 13.95 (98 Sid)
2009 Perennial Plant of the Year Aureola Japanese Forest Grass	Hakonechloa macra 'Aureola'	5	30cm	1m		Leaves are golden yellow with green stripes, arching, pendulous habit. Needs partial shade to full shade, rich, moist well drained soil	12.95 (45) 13.95 (125) (75 Sid)
Beni-Kaze Japanese Forest Grass	Hakonechloa macra 'Beni-Kaze'	5	45cm	0.6 - 1m		Brilliant yellow, cascading leaves, accented with green stripes. Develops reddish highlights as the season progresses, turning red & purple shades by fall.	12.95 (69)

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Blue Oat Grass	Helictotrichon					Native to France, Italy - Evergreen - Deer Resistant - Cool season grass blooms in summer - Full sun, well-drained soil	
Blue Oat Grass	Helictotrichon sempervirens	4	60cm	60cm		Clump-forming, mounded, steel-blue, stiff, narrow leaf blades form a rounded, "porcupine-like" clump. Resembles blue fescue, but larger. Spikelets of bluish-brown flowers on taller stems rise above the clump in June, maturing to golden-wheat colour by fall. Full sun, well-drained soil. Evergreen, "comb through" to remove any brown leaf blades in spring.	18.95 (8) (30 L)
Saphirsprudel Blue Oat Grass	Helictotrichon sempervirens 'Saphirsprudel'	4	60cm	60cm		Steel-blue, mounded, evergreen foliage, oat-colored flowers. Forms a dense clump.	24.95 (15)
Sweetgrass	Hierochloe odorata				Yes	NS Native species - Deer Resistant - Groundcover - Full sun to partial shade - Medium to wet soil. Salt tolerant.	
Sweetgrass	Hierochloe odorata	4	60cm	60cm	Yes	Aromatic, sweet vanilla scent, cool season grass. Very, vigorous spreading habit by underground rhizomes, 60cm per year. Yellow flowers in June. Sacred plant to First Nations. Used for weaving, medicinal. Prefers rich, wet to medium moist soil. Full sun to partial shade. Salt tolerant. Good for pond bank stabilization.	6.95 (45) 16.95 (23)
Japanese Blood Grass	Imperata					Native to Japan - Deer Resistant	
Red Baron Japanese Blood Grass	Imperata cylindrica 'Red Baron' ('Rubra')	6	45cm	30cm		Bright red upright foliage, deep blood-red blades with rich green bases, full to partial sun, moist, well-drained soil.	18.95 (28) (30 Sid)
Lily Turf / Monkey Grass	Liriope					Native to China, Taiwan, Japan - Deer Resistant - Partial Shade - Rich, moist, well-drained soil	
Big Blue Lily Turf	Liriope muscari 'Big Blue'	5	30cm			Blue flower spikes (resemble grape hyacinths) above blue-green (evergreen) grass-like foliage. Flowers give way to black berries.	8.95 (27)

Ornamental Grasses & Bamboo 2023							
Blue - New 2023					NS		Red - Three or less in stock
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	Native Species	Description	Supplier Price/(# in Stock)
Monroe's White Lily Turf	Liriope muscari 'Monroe's White'	5	60cm	30-40cm		Whorled, white flower spikes. Semi-evergreen, strap-like leaves. Dark-blue to black berries, persisting into winter. Slow-spreading, clump-forming habit.	9.95 (30)
Silver Dragon Lily Turf	Liriope spicata 'Gin-ryu' (Silver Dragon)	5	50-60cm	30-45cm		Whorled lavender flowers spikes. Semi-evergreen, straplike, arching, variegated green & white leaves. Slow-spreading, clump-forming habit. Dark-blue to black berries persist into winter. Prefers moist, fertile soil, partial shade. Prune off dead foliage, brown tips in spring. Heat & drought tolerant.	12.95 (9)
Variegated Lily Turf	Liriope muscari 'Variegata'	5	40-50cm	20-30cm		Whorled, lavender flower spikes. Semi-evergreen, variegated, glossy, green & white, strap-like leaves. Dark-blue to black berries persist into winter. Slow-spreading, clump-forming habit. Partial shade.	9.95 (12)
Wood Rush	Luzula					Full sun to partial shade, consistently moist soil	
Ruby Stiletto Wood Rush	Luzula 'Ruby Stiletto'	5	30-40cm	30-40cm		Cool season. Semi-evergreen, blue-green, arching, red-tipped blades. Airy clusters of white flowers above foliage early summer. Ruby-red fall foliage colour. Prefers consistently moist soil. Full sun to partial shade. Comb through foliage in spring to remove dead leaves.	18.95 (18 NVK)
Snowy Wood Rush	Luzula nivea	5	30-60cm	30-40cm		Tufted mound of hairy, grey-green leaves bearing stems of white flowers in late spring which later turn into brown seedheads. Good for edging in partial to shady areas. Moist, well-drained soil.	16.95 (15 Sp)
Maiden Grass / Japanese Silver Grass	Miscanthus					Native to Japan, Korea, China - Clump-forming - Deer Resistant - Drought tolerant once established - Cutting back foliage in early spring helps to protect the plant crown during winter	

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Adagio Silver Grass	Miscanthus sinensis 'Adagio'	5	1.2 - 1.5m			Dwarf cultivar with fine-textured, narrow, arching silvery-grey blades that turn gold in fall. Pink-tinged, feathery flower panicles in August turning to silvery-white with maturity. Full sun, average to moist, well-drained soil.	18.95 (6) 24.95 (21)
Autumn Light Maiden Grass	Miscanthus sinensis 'Autumn Light'	5	1.2 - 2.5m			A robust specimen with a narrow, outward-arching dark green leaves that turns yellowish with purple tinges in fall. Feathery flower panicles held well above the foliage, open copper-red, turning creamy-white late summer to fall. Full sun, average to moist, well-drained soil.	18.95 (16) 24.95 (1)
Cosmopolitan Variegated Japanese Silver Grass	Miscanthus sinensis var condensatus 'Cosmopolitan'	6	2.75m	1.5m		Wide, robust, variegated leaves are green with creamy white edges. Tall, coppery-red, silky flower plumes in late summer, mature to silvery white later on. Full sun, average to moist, well-drained soil.	18.95 (3)
Dixieland Variegated Maiden Grass	Miscanthus sinensis 'Dixieland'	6	1 - 1.2m	1m		Dwarf form of M. sinensis 'Variegatus'. Similar wide, variegated green and white leaves, but shorter and more compact growth habit. Silvery-white plumes with a reddish tinge. Full sun, average to moist, well-drained soil.	24.95 (9)
Encore Maiden Grass	Miscanthus sinensis 'Encore'	5	2 - 2.1m	1.2m		Tall, upright clump of dark-green leaves with white midribs forms a tall fountain. Blooms a little earlier than other varieties therefore may send out a second flush of flowers before frost. Flower plumes open coppery-purple, maturing to creamy-tan with age. Full sun, average to moist, well-drained soil.	24.95 (12)
Giant Silver Grass	Miscanthus 'Giganteus'	5	2.4 - 4m	1.8m		Gigantically tall clump of deep green leaves with a white midvein. Leaves are pendent giving effect of a large fountain. Bloom pink tints turning to silver. Corn-like stalks turn tan in winter. This is a clumping grass, it does not produce seeds and is not invasive. Excellent for screening. Full sun, average to moist, well-drained soil.	25.95 (42)

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Gold Bar Maiden Grass	Miscanthus sinensis 'Gold Bar'	6	.9 - 1.5m			Very eye-catching, clump-forming grass, strictly stiff and upright in form. Green leaves are horizontally banded in yellow, from base to tips. Showy burgundy flower plumes, mid-fall.	18.95 (12)
Gracillimus Maiden Grass	Miscanthus sinensis 'Gracillimus'	5	1.5 - 2m			Fine-textured, gracefully arching, narrow green blades with a white mid-vein. Coppery-pink plumes, mature to white. Full sun, average to moist, well-drained soil.	18.95 (6)
Graziella Maiden Grass	Miscanthus sinensis 'Graziella'	5	1.5 - 1.8m			Similar in appearance to 'Gracillimus', except earlier flowering time and excellent copper-red fall colour, silvery-white plumes. Full sun, average to moist, well-drained soil.	18.95 (8) 24.95 (1)
Huron Blush Maiden Grass	Miscanthus sinensis 'Huron Blush'	5	0.9 - 1.4m	0.6 - 1m		Shorter variety, with wide, green leaves that have a very narrow, white midrib and carry tall, fluffy, plumes of blush-pink plumes, late summer, maturing to tan later on. Full sun, average to moist, well-drained soil.	18.95 (6)
Huron Sunrise Maiden Grass	Miscanthus sinensis 'Huron Sunrise'	5	1.5 - 1.8m			Canadian introduction (Ontario), most profuse blooming Miscanthus. Graceful clump of bright green leaves with silver midrib, produces large, full, burgundy plumes, late summer & fall. Full sun, average to moist, well-drained soil.	18.95 (34)
Little Zebra Maiden Grass	Miscanthus sinensis 'Little Zebra'	5	.9 - 1.2m			Dwarf form of Zebrinus, shorter, more upright, and keeps its colour all season. Has green foliage with prominent horizontal yellow banding. Plumes are wine-purple changing to creamy tan	18.95 (59)
Malepartus Maiden Grass	Miscanthus sinensis 'Malepartus'	5	1.5 - 2.1m	1 - 1.2m		Broad green leaves, erect habit, early blooming, large plumes open pink, stand well above the foliage, changing to golden-red in fall, white in winter. Bronze-burgundy fall foliage. Full sun, average to moist, well-drained soil.	24.95 (50)
Morning Light Maiden Grass	Miscanthus sinensis 'Morning Light'	5	1.2 - 1.5m	1m		Narrow green leaves highlighted by creamy-white margins create a shimmering, silvery appearance. Rounded habit, never flops. Flowers very late, reddish-bronze plumes maturing to fluffy, cream. Full sun, average to moist, well-drained soil.	12.95 (8) 18.95 (3) 25.95 (45)

Ornamental Grasses & Bamboo 2023							
Blue - New 2023							
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	NS Native Species	Description	Supplier Price/(# in Stock)
Purple Flame Maiden Grass	Miscanthus sinensis 'Purpurascens'	5	1.2 - 1.8m	1m		Upright clump, rich green summer foliage turns flame-orange to bronze in fall. Attractive soft pink plumes late summer, mature to silvery-white. Full sun, average to moist, well-drained soil.	24.95 (20)
Stardust Maiden Grass	Miscanthus sinensis 'Stardust'	5	80-90cm	60-90cm		Dwarf. Spiky foliage has narrow green leaves with golden-yellow horizontal bands. Feathery, wine-purple plumes in September. Full sun, average to moist, well-drained soil.	24.95 (2)
Strictus Porcupine Grass	Miscanthus sinensis 'Strictus'	5	1.2-1.8m	1.2-1.8m		Similar yellow and green banding as 'Little Zebra', but different habit. Strictly stiff and upright like the quills of a porcupine, combined with it's colouring, this grass absolutely glows in the sun. Tall, pinkish-copper plume flowers, late fall, turning to silver in winter. Tan winter foliage. Full sun, average to moist, well-drained soil.	18.95 (1) 24.95 (1)
Striped Maiden Grass	Miscanthus sinensis 'Variegatus'	5	1.5 - 2.1m	1.5m		White and green longitudinal striped leaves, vase shaped, cascading, clumped form. May require staking. Flowers very late, red-tinted plumes, maturing to fluffy white seed heads. Full sun, average to moist, well-drained soil.	24.95 (25)
Zebra Grass	Miscanthus sinensis 'Zebrinus'	5	1.8 - 2.4m	1.2 - 1.8m		Widely arching, upright form, green foliage with horizontal yellow bands. May require staking. Pinkish-copper plumes late fall, maturing to fluffy white. Tan winter foliage. Full sun, average to moist, well-drained soil.	18.95 (2)
Purple Moor Grass	Molinia					Deer Resistant - Medium to wet soil	
Moorhexe Purple Moor Grass	Molinia caerulea 'Moorhexe'	5	0.9m	0.5m		Compact, clump-forming. Dense, tufted grass with narrow, green leaves. Taller, erect, slightly arching, deep-purple stems of flower panicles in July with "airy" appearance, mature to black-brown seed heads. Leaves turn golden-yellow in fall. Full sun, medium to wet soil.	13.95 (5)

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Skyracer Tall Moor Grass	Molinia caerulea ssp. arundinacea 'Skyracer'	5	2.2m	1.2m		Tall, erect, clump-forming. Green leaves. Delicate, airy seed heads held on stiff stems in July. Purple flower spikes take on golden-yellow tones in fall. Full sun, medium to wet soil.	16.95 (2)
Variiegated Purple Moore Grass	Molinia caerulea 'Variegata'	5	0.3 - 0.9m	0.6m		Compact, clump-forming. Dense, tufted grass with striped leaves of dark green and creamy-yellow. Taller, erect, slightly arching stems, of "see-through" quality flower panicles in July, with yellow, tan with slightly purplish hue. Yellow fall colour. Full sun, medium to wet soil. Good for rain gardens.	13.95 (1) 16.95 (2)
Black Mondo Grass	Ophiopogon					Native to Japan - Deer Resistant - Groundcover - Full sun to partial shade - Rich, moist, well-drained soil	
Dwarf Mondo Grass	Ophiopogon japonicus 'Nana'	6	20cm	20cm		Dense, evergreen groundcover. Attractive dark green foliage of arching, strap-shaped leaves. Racemes of white flowers emerge in summer before giving way to blue berries. Very tough and durable and requires little maintenance.	12.95 (111) 19.95 (26)
Black Mondo Grass	Ophiopogon planiscapus 'Nigrescens'	6	25cm	30cm		Evergreen groundcover. Leathery, narrow, strap shaped black leaves. Spreads slowly by underground stolons. White to mauve flowers, followed by shiny black fruit. Sun to partial shade, moist, rich, well-drained soil.	12.95 (18)
Switch Grass	Panicum virgatum				Yes	NS Native Species - Deer Resistant - Wind & Salt tolerant - Food & shelter for birds in winter - Cut back in early spring - Good for Rain gardens - Great cut flowers - Full sun to partial shade - Moist, well-drained soil - Drought tolerant once established	

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023 Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	NS Native Species	Description	Blue - New 2023- Supplier Price/(# in Stock)
Cape Breeze Dwarf Switch Grass	Panicum virgatum 'Cape Breeze'	4	0.6m	0.6 - 0.9m		Native to North America. Upright, dwarf, compact growth. Long-lasting green foliage is salt tolerant. Blooms the earliest of all other switch grass varieties. Produces abundant clouds of airy seed heads.	24.95 (47) (25 Sid)
Emerald Chief Switch Grass	Panicum virgatum 'Emerald Chief'	4	1.4m	0.8m		Graceful, upright, sturdy habit. Narrow, emerald-green foliage. Airy, pinkish-red flower seed heads late summer. Outstanding performance in naturalized meadows. Full sun, drought tolerant once established. Introduced by Jelitto Perennail Seed, 2011. Good cut flowers. Ht 1.4m with flowers.	12.95 (82)
Gunsmoke Switch Grass	Panicum virgatum 'Gunsmoke'	4	1.2m	1m		Strong, robust, upright habit. Wide, steel-coloured leaves, densely packed. Loaded with airy, "smoky" tan seed heads in late summer. Full sun, drought tolerant, once established. Pretty!	18.95 (57)
Heavy Metal Switch Grass	Panicum virgatum 'Heavy Metal'	4	1.5 - 2m	0.6 - 1m		Very upright form, strong stems that never flop, bright metallic-blue foliage, panicles of pink flowers in late summer to early fall. Foliage turns yellow in fall. Full sun, moist, well-drained soil, drought tolerant once established.	18.95 (18)
Hot Rod Switch Grass	Panicum virgatum 'Hot Rod'	4	1 - 1.2m	1m		Upright form, foliage emerges blue-green, developing burgundy-red tips early, turning fully burgundy in summer. Attractive, airy, burgundy seed heads, midsummer. Full sun, moist, well-drained soil, drought tolerant once established.	18.95 (10)
Niagara Falls (Prairie Winds® Collection) Switch Grass	Panicum virgatum 'Niagara Falls'	4	1.2m	1.2m		Excellent for filling up space, this Panicum is the widest habit in the collection, having an arching habit similar to Miscanthus. Powder blue leaves, decorated at the tops with sprays of cream seed heads in fall. Adds graceful texture and movement in the garden. Full sun, moist, well-drained soil. Drought tolerant once established.	18.95 (30 Wa)
2014 Perennial Plant of the Year Northwind Switch Grass	Panicum virgatum 'Northwind'	4	1.2 - 1.5m	.6 - .9m		Tall, narrow clump of olive-green leaves, with airy heads of tiny green flowers. Golden-yellow fall colour, maturing to tan. A beauty!	18.95 (30 P) 24.95 (30 Sidhu)

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Prairie Fire Red Switch Grass	Panicum virgatum 'Prairie Fire'	4	1.2 - 1.5m	.7 - .9m		Upright clump of blue-green leaves that turn red early in season. Large, airy heads of tiny, rose flowers in late summer.	18.95 (22)
Shenandoah Switch Grass	Panicum virgatum 'Shenandoah'	4	1.2m	1m		Upright form, foliage emerges blue-green, rapidly changing to burgundy-red by mid-summer. Topped by reddish-pink flower panicles, late summer. Fall color is a striking burgundy. Full sun, moist, well-drained soil, drought tolerant once established.	18.95 (10) 24.95 (42)
Fountain Grass	Pennisetum					Native to SW Asia - Deer Resistant - Clump-forming - Full sun - Moist, well-drained soil - Drought tolerant once established	
Burgundy Bunny Fountain Grass	Pennisetum alopecuroides 'Burgundy Bunny'	5	30-38cm	30-38cm		Compact habit. Light tan to creamy white flowers. Colourful green foliage with burgundy-red tips, changes to completely deep red in fall.	18.95 (25 Sid)
Hameln Fountain Grass	Pennisetum alopecuroides 'Hameln'	5	60-90cm	60cm		Compact, dark green, arching form, buff-coloured flower panicles, golden-russet fall colour.	18.95 (5)
Karley Rose Oriental Fountain Grass	Pennisetum orientale 'Karley Rose'	5	0.9 - 1m	60-90cm		Gracefully, arching, mound of deep-green leaves, decorated with soft, smoky, rose-purple flowers, mid-summer into fall.	18.95 (5)
Red Head Fountain Grass	Pennisetum alopecuroides 'Red Head'	5	1.2m	1.2m		Deep purple buds, mature to smoky purple flowers, with green foliage that turns gold in fall	18.95 (25) 24.95 (52)
Little Bluestem	Schizachyrium				Yes	NS Native species - Deer Resistant - Drought resistant - Cut to ground in late winter to early spring	
Blue Heaven Little Bluestem	Schizachyrium scoparium 'MinnBlueA' (Blue Heaven)	4	1 - 1.3m	1m		Clump-forming. Taller, more upright habit than species. Bright, steel-blue colour with purple highlights. Late summer glossy purple flower panicles with fluffy seed heads. Fall colour mix of purple, blue, red, pink, burgundy and orange. Full sun, well-drained soil. Drought resistant.	18.95 (17)
Prairie Cord Grass	Spartina				Yes	NS Native Species. Deer Resistant	

Ornamental Grasses & Bamboo 2023							Red - Three or less in stock
Blue - New 2023					NS Native Species		Blue - New 2023-Supplier Price/(# in Stock)
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)		Description	
Prairie Cord Grass	Spartina pectinata	4	1.2 - 2.1m	1.2 - 2.1m	Yes	NS Native species. Aggressive spreader by underground rhizomes. Good stabilizer for pond edges or stream banks with graceful dense stands of arching, glossy, dark green leaves with sharp edges. Yellow-brown blooms in July-Aug. Bright gold fall color. Prefers moist to wet soil, tolerates dry soils.	12.95 (24)
Prairie Dropseed	Sporobolus					Native from Quebec to Sask prairies - Deer Resistant - Clump-forming - Drought tolerant - Food & shelter for birds in winter	
Prairie Dropseed	Sporobolus heterolepis	4	0.6 - 1m	0.6 - 1m		Arching mound, clump-forming, warm season ornamental grass. Fine-textured, hair-like, medium-green blades, turn golden with pumpkin-orange hues in fall, fading to light-bronze in winter. Delicate, open-branched, pink and brown-tinted flower panicles rise well-above foliage late summer. Flowers are fragrant like coriander and popcorn. Tiny, rounded mature seeds drop to the ground from their hulls in fall - hence the common name. Nutritious seeds are attractive to songbirds, native grasses are larval food for Leonard's Skipper butterfly. Full sun, well-drained soil. Drought tolerant once established. Good for mass plantings	
Bamboo							Deer Resistant - Excellent for screening
Naked Clumping Bamboo	Fargesia denudata	5 (-23C)	3 - 5m			Native to China. Tall, tidy and stately, slightly weeping form. Overall, pale, yellow-green colouring. Culms maximum diameter 1.5cm, ripen to rich, burnished yellow in full light. Leaves are short but broad in relation to length, and pale green. Very reliable, tightly clumping habit. Good as a specimen or hedging or screening. Looks great in front of a dark background or spaced in groups by a pond. Sun or partial shade. Rich, moist, well-drained soil.	59.95 (4)

Blue - New 2023					NS			Blue - New 2023-
Common Name	Latin Name	Zone	Height (cm/m)	Width (cm/m)	Native Species	Description		Supplier Price/(# in Stock)
Robust Clumping Bamboo	Fargesia robusta	6 (-20C)	5m	5m		Native to China. Tall, clump-forming bamboo with an open, graceful habit. Deep-green culms grow very upright, 2.5cm (1 inch) diameter. Whitish culm sheaths remain on through early summer, creating an alternating pattern of light and dark. Glossy, deep-green leaves. Two crops of new shoots, one in early spring and a smaller second flush in early fall. Good in sun or light shade. Rich, moist, well-drained soil. Makes an excellent screen.		39.95 (32)
Green Screen Tall Clumping Bamboo	Fargesia robusta 'Pingwu' (Green Sheen)	6 (-20C)	3 - 5m			Native to China. Tall, clump-forming bamboo. Culms tall and slender. Very rich, deep green, maturing to yellowish-green. Nodes not prominent. Culm sheaths usually retained until end of summer. Multiple branching. Leaves medium-long, narrow, rich, dark-green glossy on upper surface. Sun or shade. Tolerates drought.		69.95 (8)
Green Panda Short Clumping Bamboo	Fargesia rufa 'Oprin's Selection' (Green Panda)	5 (-23C)	1 - 2m	2 - 2.4m		Native to China. A selection of F. rufa very heat tolerant and hardy. Short, clump-forming bamboo. Short, very slender culms. Bright green, becoming yellowish-green, glossy. Nodes not prominent. Upright when young, developing moderate arch later on. Reddish culm sheaths, retaining colour for a time. Multiple branches. Leaves short, very narrow. Glossy, rich green on upper surface, dull grey-green underneath. Sun or shade. Great in a container or attractive low hedge.		69.95 (30)
Short Clumping Bamboo	Fargesia rufa	5 (-23C)	1 - 2m			Native to China. Short, clump-forming bamboo. Short, very slender culms. Bright green, becoming yellowish-green, glossy. Nodes not prominent. Upright when young, developing moderate arch later on. Reddish culm sheaths, retaining colour for a time. Multiple branches. Leaves short, very narrow. Glossy, rich green on upper surface, dull grey-green underneath. Sun or shade. Great in a container or attractive low hedge.		69.95 (14)

Sunset Glow Short Clumping Bamboo	Fargesia rufa 'Sunset Glow' (syn dracocephala var. rufa)	5 (-23C)	2m	1.5m		Native to SW China. Earliest shooting, vigorous. Slightly weeping form, very dense. Culms short, very slender, bright green. Culm sheaths attractive, orange-red. Multiple branches also reddish. Leaves short, very narrow. Glossy, rich green on upper surface, dull grey-green on undersides. Sun or shade. Makes an attractive lower hedge or container specimen.	39.95 (1)
Dragon's Head Medium-Height Clumping Bamboo	Fargesia dracocephala 'Pinju'	5 (-23C)	3m	1.5m		Native to China. Medium height, non-spreading, clumping habit. Similar to F. murielae, except shorter. Soft, vase-shaped, arching form. Culms medium height, (6mm to 2cm) diameter, greyish midgreen at first, ripening to yellowish-green. Culm sheaths pale green to greenish-purple. Multiple branches. Leaves short, narrow, dark, slightly matte green on surface, dull, greyish-green on undersides. Best with afternoon shade in hot spots, partial shade or all day dappled shade.	69.95 (17)
Khairo Medium-Height Clumping Bamboo	Fargesia scabrada 'Khairo'	6 (-21C)	2 - 3m	1.5m		Native to high mountains of Sichuan, China. Medium height bamboo. Highly sought-after variety. Dense, clump-forming. Upright in habit when young, developing moderate arch with age. Colourful culms slender (6mm), but rigid. Young culms are blackish-purple in colour, maturing to yellowish-green. Deep orange culm sheaths. Multiple branching, leaves short and narrow. Deep green on upper surface, greyish, matte-green on lower surface. Sun to partial or dappled (light) shade..	22.95 (7) 69.95 (12)
Yellow Groove (Crookstem) Bamboo	Phyllostachys aureosulcata	6	5-8m			Native to China. Rigidly, upright, hardy bamboo. One of the best bamboos for cold or exposed climates. May spread (very slowly) in cooler climates. Culms very tall, medium-thick. Dark green at first, with a contrasting yellow groove, maturing to yellow-green. Prominent nodes. Tendency for zigzag form at base. New shoots in early summer. Culm sheaths pale olive green with wine & cream streaks. Branches in pairs. Leaves, medium-long, bright green, glossy on upper surface, matte, gray-green underneath. Sun to partial shade.	89.95 (5)
